

# InFocus IN119HDx Projector

Part Number: IN119HDx

## HD PROJECTOR WITH INCREDIBLE VALUE AND FLEXIBILITY

Confidently beam your most important content with the high brightness and beautiful image quality of the incredibly affordable IN119HDx HD projector. It is built to perform with HDMI input, high brightness, 1080p native resolution, high contrast, and BrilliantColor™ technology. Plus, its compact design makes it easy to move or install.

- 1080p (1920 x 1080) resolution with HD Spatial Resolution Technology
- Up to 10,000-hour lamp
- 3200 lumens
- HDMI, VGA, composite and S-video connectivity
- Contrast ratio of 15000:1
- Highly compatible throw ratio of 1.15-1.5
- Zoom ratio: 1.3:1
- Instant on/off
- 3D ready

"The InFocus IN119HDx 1080p business projector is bright enough for a small-to-midsize room, light enough to carry with you, and surprisingly affordable." -- PC Mag

## Why choose the IN119HDx?

"The InFocus IN119HDx brings high resolution, standardized lensing, excellent connectivity, and fast startup and shutdown to the table at a bargain price." -- Projector Central

- Native 1080p resolution for a great low price
- HD Spatial Resolution Technology beams beautifully-detailed images with accurate and vivid color reproduction
- 3200 lumens of brightness that delivers clear images with the lights on
- Low total cost of ownership with features that extend lamp life
- Common throw ratio so it's easy to replace a projector using its current mount
- Very high contrast ratio delivers darker blacks and whiter whites
- HDMI connectivity along with VGA, composite and S-video inputs
- Ready for your 3D content from Blu-ray, PCs, cable boxes and more

## Priced right

### SAVE NOW AND IN THE FUTURE

The ultra-low purchase price is just the beginning – the lamp is long-lasting and no filters.

- Use Eco Blanking when the projector isn't used to lower the lamp's power usage and extend its life
- Average lamp life is 10,000 hours in Eco Blanking mode, 6,000 hours when in Eco Mode, and 5,000 hours in normal mode
- No filters to clean or replace
- Wide throw ratio makes it easier to use your currently-installed projector mount

"With a compact design, bright picture, and long estimated lamp life, the IN119HDx is a flexible projector that works well in conference rooms and classrooms." -- Projector Central

## Count on quality

### TOP-NOTCH IMAGE TECHNOLOGY

Even at this incredible low price this projector is made to perform using HD Spatial Resolution Technology.

- Quality images and true-to-life colors with DLP® technology with InFocus BrilliantColor™ implementation
- Amazing 15000:1 contrast ratio adds sharpness with darker blacks and whiter whites
- Preset modes give you the best image quality on a beige wall, whiteboard, blackboard or other surface
- 3D-ready: project Blu-ray and PC-based 3D content via HDMI to improve learning and retention of complex concepts

"If you need a high-resolution business projector for showing detailed data images, the InFocus IN119HDx may sound almost too good to be true." -- PC Mag

## Compact powerhouse

### EASY TO SHARE OR INSTALL

The InFocus IN119HDx 1080p projector's compact size and weight make it easy to move from room to room, but powerful enough to install.

- ◆ Only weighs 5.4 lbs. (2.45 kg)
- ◆ HDMI input for fast, high quality display of digital devices
- ◆ 3200 lumens of brightness that can combat bright lighting situations
- ◆ Built in speaker and 3.5mm audio out port provides clear audio
- ◆ RS232 port means it can be easily integrated into room control systems

"Its light weight of less than five pounds makes it portable, while a plethora of connection options means it also works well in fixed installations." -- Projector Central
