

Lifesize[®] Cloud

Now you're talking with incredible video conferencing

lifesize[®]

A young man with short brown hair and a light beard is smiling warmly while looking at a tablet computer. He is wearing a dark navy blue V-neck sweater over a white t-shirt. The background is a bright, out-of-focus indoor setting, possibly a cafe or office, with a white coffee cup visible on a table in the lower right corner. The text "Say hello..." is overlaid in a green, italicized font on the right side of the image, with a green L-shaped line graphic extending from the end of the text.

Say hello...

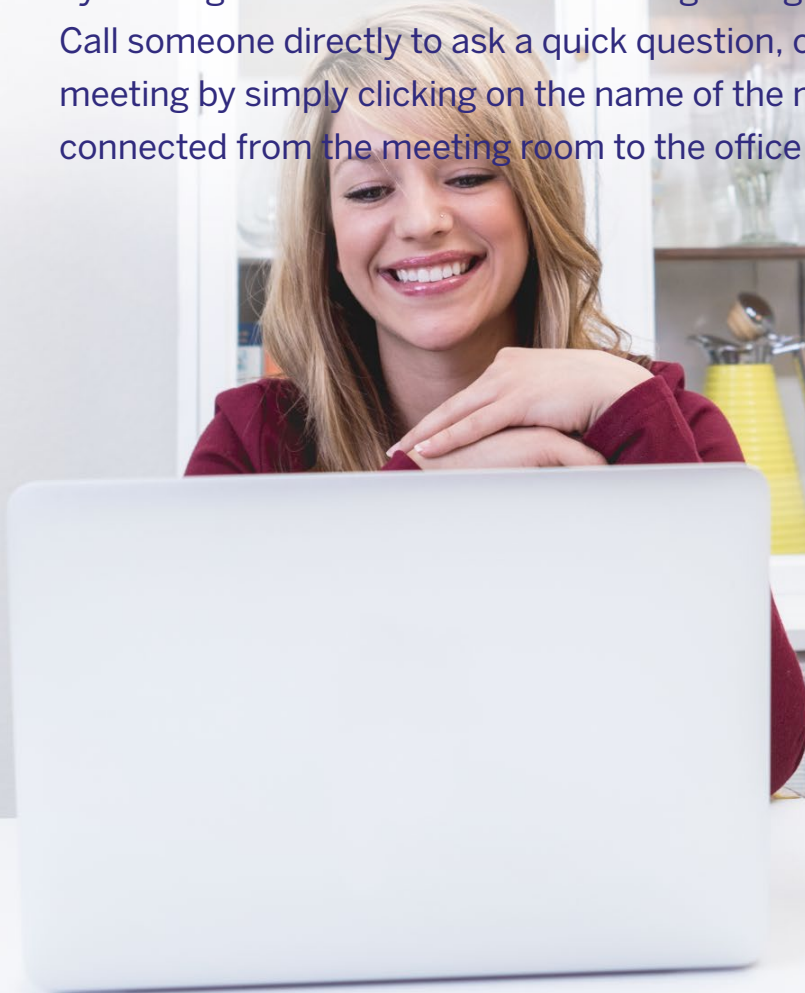

to video conferencing like you've never seen. Only Lifesize delivers one solution for simply connecting your conference rooms to everyone who needs to be in the meeting—from anywhere, on any device. And that's just the beginning.

Video calling as it should be.

Ever wonder why conducting meetings across distributed employees and offices is so complicated? We did too. So we radically simplified it. Now, you can call anyone in your organization from our search-based directory with a single click. Dial a person or meeting room by clicking on a name rather than dialing a long access number. Call someone directly to ask a quick question, or join a scheduled meeting by simply clicking on the name of the meeting room. Stay connected from the meeting room to the office and on the go.

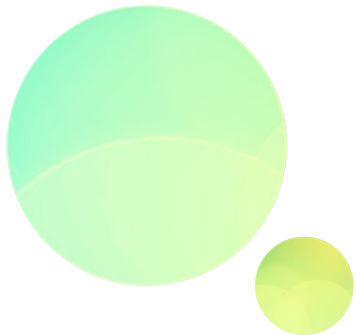

One solution. Unbelievable meetings.

It's time to work smarter. By delivering our radically simple cloud video service connected to our incredible video conferencing systems, browser, desktop and mobile apps, Lifesize Cloud ensures that your best business decisions are made in person no matter where people happen to be.

Get the connection you're looking for, on any device.

Start connecting over the highest quality video on any video conferencing system, laptop, tablet, or smartphone—and meet instantly with individuals or teams, inside or outside your company.

Lifesize Cloud
+ Lifesize[®] Icon[™]

The Perfect Match

No other video conferencing system offers the ease, versatility and complete Connected Experience of Lifesize Cloud together with Lifesize Icon. This solution gives you the ultimate combination of unmatched simplicity and brilliant video, letting you meet with anyone, anywhere, just like you're all in the same room.

Lifesize Cloud comes preloaded on every Lifesize Icon video conferencing system, and even better, all of your devices, including your laptops, tablets, and smartphones, will update automatically too, ensuring you'll always have the latest features to enjoy.

See the meeting. Be the meeting.

Only Lifesize Cloud provides the features you need to make your meetings truly connected.

Instant + Scheduled Calls

Call anyone in an instant or have everyone dial into a meeting room at a scheduled time.

Shared Directory

Once a new person is added to Lifesize Cloud, they're instantly added to the directory. What's more, after connecting your Lifesize Icon video conferencing system to Lifesize Cloud, your directory automatically populates with names. Now each person and video conferencing system can instantly access one another through the search-based directory. Simply type a name to see who is available, and click to call.

Ring All Devices

Only Lifesize Cloud rings all your devices (video conferencing system, laptop, tablet and smartphone) for a video call.

Single + Group Calls

To add another person or a video conferencing system to the conversation, simply click on the name. Keep adding as you go (up to 50*).

Single + Group Chats

Chat with one person or an entire group of people quickly and easily.

Record + Share

Simply click to securely record your call from any device and then share it with the world via your personal video library.
